

Reference Projects

Bennett Family Center
(Child Care Facility)
Penn State University

University Park, PA

Building Gross Square Foot Area: 16,000 s.f.

Completion Date: 2001

Contact: Judy Larkin, Project Manager

Ling Partnership was responsible for the design of the mechanical, electrical, plumbing and fire protection systems for Penn State's new child care facility in collaboration with Kieran Timberlake Architects. The facility provides child care support for working parents and opportunities for hands-on experience by students in the College of Health and Human Development.

The Architect created exciting spatial experiences for young children to explore. The engineering response complemented the design intent with complementary lighting and thermal comfort control.
