Shaner Hotel Group Corporate Headquarters

State College, PA

Building Gross Square Foot Area: 40,000

Completion Date: 2001

Contact: Dwayne Rush

Ling Partnership provided all the electrical design for the Shaner Hotel Group's new corporate office.

The design included power distribution, interior and exterior lighting, telecommunications infrastructure, and life safety systems.

The focus of the design was creating a pleasant and productive office environment while maximizing the usable space and minimizing the energy consumption. The engineering team utilized some of the latest technologies in lighting, HVAC, and controls to create an energy efficient building that is very functional, comfortable, and aesthetically pleasing.
